

8995 Clay Street
Federal Heights, Colorado
November 1, 1970

Board of Trustees
Town of Federal Heights
Federal Heights, Colorado

Gentlemen:

This letter is to submit my resignation as Mayor of the Town of Federal Heights, Colorado, to become effective November 9, 1970. I find it necessary to resign as Mayor on the advice of my doctor and for other personal reasons.

Since moving to Colorado, it has always been my belief that the Town of Federal Heights has had a tremendous potential for development. Within the next twelve months the town will become a City and concurrent with this growth will be increased responsibility. Consequently, I would like to draw on my forty-seven years experience in management and public service and remind the town that with the complexity of growth and development the responsibility of town officials to function in a professional manner and to avoid any suspicion of conflict of interest becomes most important.

It is my belief that the Town of Federal Heights is a good place to live and that it has been reasonably well managed in the past and I wish the best for the town's future. I have recently discussed all aspects of town business with Mr. Ben Gordon, Mayor Pro Tem, and I feel the town will be in good hands.

Very Truly Yours,

Delmar D. Huff

cc: Mr. James Stitt, City Attorney

My Commission expires June 11, 1971
