Federal Heights, Colorado 80260

Section H: Please explain the following (add additional pages if necessary):

1. Why the public right-of-way is needed for this private improvement.
2. Describe which alternative options were considered such as location on private property, “co-location” onto existing poles, a multi-carrier pole, or removal/replacement of existing infrastructure with a new “hybrid” pole that can service more than one use (streetlight plus small cell antenna, for example).
3. Describe why collocation on an existing Eligible Facility was not possible.
4. Describe any notification procedures that were provided to the adjacent property owner(s) regarding this proposed facility with an opportunity to comment. Include any comments received.
5. Provide a statement of how each facility will be adequately identified and maintained in perpetuity, including graffiti/sticker removal, paint repair, vandalism repair, replacement if downed/damaged, etc.

Property Owner's Signature (or applicant's signature if location is proposed to be in the right of way).
